Masaryk Takes Suicide Plunge From Residence

Czech Minister Ends Own Life In Protest Over Red Coup

By George Pipal
PRAGUE, March 10.—(BUP)—Foreign Minister Jan Masaryk, 61, one of Czechoslovakia's distinguished statesmen...

Members of his family said the suicide of Masaryk was in protest against the Communist coup in Czechoslovakia...

(In Washington Rep. Karl Stefan, R., Neb., Czechoslovakian-born member of the House, said the death of Masaryk...

State Department officials in Washington received with some reserve, pending an official report that the Masaryk death was a suicide...

The "Flying Tigers," and his Chinese bride of a few months are shown as they arrived at the National Airport in Washington, D.C. Chennault flew home from Shanghai to testify on the China aid bill.

CHINA AID URGED TO STOP RUSSIA

WASHINGTON, March 10.—(AP)—Maj.-Gen. Claire Chennault told the House Republican foreign affairs committee today that military aid to China would help stop "Russian aggression" in Europe.

The former commander of the "Flying Tigers" said failure to provide aid to China "will inevitably set the stage for world war III."

The "Flying Tigers" were a volunteer force of fliers, mostly American, who fought with China against Japan before Pearl Harbor.

At 57, Chennault is retired from the United States Army and heads commercial aviation concern in China.

Admission to Canada Chinese Wives Sought

OTTAWA, March 10.—(CP)—A brief asking that all Chinese be allowed to bring their wives and children into Canada was supported today by the Senate immigration committee following presentation of a brief by the delegation from the committee for the repeal of the Chinese Immigration Act.

The brief asked that Chinese present regulations granting Chinese entry to the far northern section of the Dominion be extended to cover all Chinese in Canada.

On motion of Senator James Mackenzie of Ontario, the committee went on record as supporting the request.

PROTESTED TO RUSSIA
Irving Himeil of Toronto, who presented the brief on behalf of the eight-man delegation, pointed out that as a nation, Canada had agreed to its refusal to allow Russian-born wives of Canadians to leave that country.

"How can we, in all integrity protest against their refusal when we refuse to let Chinese wives join their husbands here," he asked.

Mr. Himeil estimated there were 23,000 married Chinese in Canada and their wives and children in China.

The Senate brief which the committee presented asked repeal of Order-in-Council P.C. 1906 of 1900 which restricted Chinese and is therefore contrary to Canadian immigration under the United Nations Assembly.

Trade Conference
HAYANA, March 10.—(Reuters)—The World Trade Conference has been set March 19 for its final session.

BLEW WILD 40 HOURS Ramping Leduc Well Brought Under Control

After blowing cold oil over the country of the west, which followed an estimated rate of 200 barrels an hour, Atlantic Leduc No. 3 well was brought under control at seven p.m. Tuesday by pumping 100 tons of extra heavy drill mud down the drill pipe.

The well got out of control at this oilfield Monday morning when the drill entered D2 zone at 5,200 feet. The mud had been giving trouble since D2 zone was reached two weeks ago. An emergency method of mud control used the Atlantic oil field was being tried when the well's tremendous gas pressure blew the hole clear of mud and lifted the huge Kelly jacking from the rig.

A sudden switch of the wind on Tuesday afternoon prevented the huge Kelly jacking from blowing. The steam boilers that supply power to operate the pumps are situated some distance from the well-head, which followed two serious brain operations to remove a bullet, were her estranged husband, Robert McConnel, and their five-year-old son, Bobby. They arrived last Monday from Vancouver.

Security Council Intervention Asked

By Robert Manning
LAKE SUCCESS, N.Y., March 10.—(BUP)—Russia was formally charged in the United Nations today with engineering the Communist coup in Czechoslovakia and threatening world peace.

Czechoslovakia's permanent delegate to the UN appealed to the UN Security Council to intervene in Czechoslovakia, take steps against Russia and end the Communist seizure of power.

The complaint was handed to UN Secretary General Trygve Lie by Czech Delegate Jan Papanek in a dramatic and unprecedented sequel to the reported suicide of Czech Foreign Minister Jan Masaryk.

Papanek announced that he was bringing the case into the Security Council on behalf of "the sovereign Czechoslovak Republic as it existed before February 20." That is the date the Communists took over.

Privately defying the new Communist government in Prague, Papanek announced he was bringing the case into the Security Council on behalf of "the sovereign Czechoslovak Republic as it existed before February 20." That is the date the Communists took over.

Huge Tax Cuts Taking Shape

By Dick Jackson
OTTAWA, March 10.—(AP)—Prospect of tax cuts running some \$350,000,000 in the next budget was in sight today in the wake of Finance Minister Mackenzie King's estimates.

Tabled last night in the Commons, the estimates showed a cut of \$100,000,000.

This reduction, which could be wiped out later by the supplement-estimate, coupled with current reductions, would bring the total to \$250,000,000.

Mr. Abbott's budget must cover the \$2,500,000,000 of the main estimate and between \$250,000,000 and \$350,000,000 of the supplement-estimate.

Mr. Abbott's budget must cover the \$2,500,000,000 of the main estimate and between \$250,000,000 and \$350,000,000 of the supplement-estimate.

FINNS WANT NO PART OF TRIP TO SOVIET

HELSINKI, March 10.—(AP)—Several members of Finland's delegation to negotiate with Russia were reported today to have asked in vain to be relieved of their assignment.

They were appointed yesterday to negotiate in Moscow in a Finnish-Russian pact.

Informants said the delegates told President J.K. Paasikivi they "did not under any circumstances want to go to Moscow."

The Finnish press is reported to have cut them off with the remark: "There is no question of whether you have any desire to do this or that. This is compulsory law."

Hong Kong Data
TOWNS, March 10.—(CP)—Defence Minister Clayton tabled in the Commons 1,000,000 worth of arms and equipment for the 1942 royal commission inquiry into the dispatch of a Canadian force to Hong Kong in October.

The inquiry was held in camera and this is the first time that the Ministry of Defence has been made public.

U.S., Soviet Partition Agreement Crumbling
By Larry Hawk
LAKE SUCCESS, March 10.—(AP)—The much-heralded United States Russian agreement on Palestine partition appeared today to be crumbling.

A battle between the two nations' chambers yesterday spotlighted their current differences over the political future of the Holy Land.

The core of the verbal tussle was American insistence on bringing the Arabs, bitter foes of partition, into the discussion.

Arabs have boycotted every discussion in view of terms the moves would mean in Israel's future as a Jewish state.

Re-opening Favored
A high Soviet source told reporters yesterday the United States might be asked to re-open the partition plan.

"Some persons seem to be interested in the facts and in a decision based upon them," the source said.

Greek Rebels Hit Suddenly

ATHENS, March 10.—(BUP)—Greek guerrillas struck suddenly last night and were reported preparing for sea and air attacks in an attempt to shatter the government's spring offensive before it started.

Athens activity was reported at the time the rebels were in the Peloponnese, the Jannina area and along the Albanian border.

Guerrilla operations coincided with the rebel report yesterday that the Greek Army had launched its long-awaited offensive.

U.K. Govt. Faces Attack on Profits

Sections of Party to Demand Stronger Action at Conference

LONDON, March 10.—(Reuters)—Prominent sections of the Labor party will attack the government for failure to take a stronger line on wages, profits and prices when the annual Whitman conference of the party opens at Scarborough, Yorkshire, May 17.

Thirtysome resolutions already have been tabled on the subject of foreign affairs, usually the most prominent topic at this policy-framing conference, take second place with 28 resolutions.

The powerful transport and general workers' union, largest in Britain, has tabled a motion calling for such action as will curb exorbitant profit distribution and declaring that it is not convinced that profits can be effectively controlled by mere reliance on voluntary effort.

OTHER RESOLUTIONS

Other resolutions call for drastic and severe restrictions on profits, an attempt to make the decisions binding on the Labor government will be made on a motion submitted by Lewisham East, parliamentary constituency of Herbert Morrison, Lord President of the Council. The motion proposes that decisions shall be acted upon within the program of the parliamentary party when Labor is in power.

De Marigny Case Still Unsettled

OTTAWA, March 10.—(CP)—The Supreme Court of Canada yesterday reserved judgment on an appeal by Count Alfred de Marigny, former husband of Nancy Oakes, against a court decision quashing a writ of habeas corpus against an immigration department official.

De Marigny, native of the tiny island of Mauritius in the Indian ocean and acquitted of the murder of Sir Harry Oakes in Bermuda, has been in Canada since March 13, 1945.

The appeal before the supreme court was similar to one rejected in the Quebec appeal previously. The court's decision, however, is not connected with a deportation order still standing against de Marigny. He entered Canada on a 30-day permit.

ARAB LEAGUE TAKES CONTROL

Grand Mufti Is Stripped Of Virtually All Power

By CARTER L. DAVIDSON

JERUSALEM, March 10.—(AP)—The Arab League has stripped the Mufti of Jerusalem, Haj Amin el Husseini, of virtually all his power.

The seven-state league, with headquarters in Cairo, has taken over full military and political control in the affairs of Palestine, 1,250,000 Arabs.

The Arab higher executive in Palestine, headed by the Mufti, now deals only with such internal affairs as collection of taxes, export of citrus fruit and

settlement of tribal blood feuds.

The Mufti still is exiled from Palestine by the British authorities. During recent Arab League sessions, the Mufti sought unsuccessfully to have himself named head of a provisional Palestine government, Arab spokesmen say.

League spokesmen are confident the Arab volunteer army can thwart partition and subside Zionism. Then, they said, the League will administer Palestine affairs until the people vote, in a League-sponsored election.

The Mufti and his aides still serve as Palestine advisers to the League, but take no part in its decisions. The still-powerful Husseini, the Mufti, founded and named, is the target of increasing criticism. In communities throughout the Holy Land, he is making speeches calling for the end of the Mufti's dictatorial rule of Palestine Arab politics.

Most powerful Arab force in the Holy Land, Fawzi Bey Al Kawkaji's volunteer army, ignores the Mufti's existence.

Educationist Dies

CAIRO, March 10.—(AP)—Dr. Charles Clarence Adams, 65, dean of the school of oriental studies of the American University in Cairo, died yesterday. Among his publications was "Islam and Modernism in Egypt."

Peace River Resources Answer B.C. Problem

VICTORIA, March 10.—(CP)—Resources of the Peace River country would answer all of British Columbia's problems, Joseph H. Corbise (CCF-Peace River) said yesterday in the legislature during the Throne Speech debate.

Development of the north country would bring new prosperity from exploitation of foreign markets and ample revenue to pull the province out of its financial troubles.

Peace River coal alone could solve the problem of a dwindling United States dollar supply. There was enough coal in the northland to take care of the needs of Western Canada and the Western States for hundreds of years.

The British Columbia government yesterday was warned for the third time this session to guard its timber resources from monopolistic control.

A. B. Ritchie (CLN-Salmon Arm) said under B.C.'s new forest act small operators say "they are out of a limit and the forest act is cutting it off."

A. C. Hope (CLN-Delta) yesterday cautioned Leads Minister E. J. Kenney to examine carefully proposed changes in the forest act.

"We need of certain interests getting very large blocks and one wonders if at some time in the future we may wake up to find the province in the hands of about 10 people," he said.

Funeral Is Held For Bowden Man

BOWDEN, March 10.—Funeral service for Herman Sigur (Johnny) Enstad, Bowden district man who died recently, was held in Bowden United Church March 7. Rev. C. K. Vogel officiated.

He was 35 years of age and had lived in Westlock district most of his life before joining the service and later coming to Bowden.

He is survived by his parents, Mr. and Mrs. H. E. Enstad; one brother, Alan of Bowden; and two sisters, Mrs. Joy Langille and Mrs. Gordon Bowden of Vancouver.

For Tired Eyes Two Drops Give Quick Relief

MAKE THIS SIMPLE TEST TODAY

EVER TIRED? Soothe and refresh them in seconds with two drops of a gentle Murine in each eye. You get—

QUICK RELIEF. Intensely your eyes feel refreshed. Murine's actual blend of 7 ingredients cleanses and soothes eyes that are tired from overwork or exposure to sun, wind and dust.

Mr. Abbott said the government was curtailing its expenditures "severely" at this time. Many public works and construction projects were being postponed because of the shortage of United States dollars, labor and materials.

It's Open House!

SAT. AFTERNOON MARCH 13th

At your Nearest Naval Division

H.M.C.S. NONSUCH

9722 102nd Street, Edmonton

Commanding Officer: Cdr. F. R. Pike, R.C.N. (R)

Staff Officer: Lt. W. M. Lanauze, R.C.N.

3:00 to 6:00 p.m.

You are cordially invited to come aboard this Saturday afternoon and inspect the splendid equipment with which this city's "Reserve" sailors are being trained. See how the Navy looks after its men... how they are being equipped to study such one-time "top secret" subjects as Radar, Aircraft and Loran... how they are trained in such skills as seamanship, naval gunnery, and radio-telegraphy.

The signal hoisted on the left means, in our language, "Come Along Side". Accept our invitation this Saturday and we're sure you'll understand a little more what so many young Canadians mean when they say "The Navy's the life for me!"

There's room for young men today in Canada's Navy, both Permanent and Reserve.

Commanding Officer: Cdr. F. R. Pike, R.C.N. (R)

Staff Officer: Lt. W. M. Lanauze, R.C.N.

3:00 to 6:00 p.m.

You are cordially invited to come aboard this Saturday afternoon and inspect the splendid equipment with which this city's "Reserve" sailors are being trained. See how the Navy looks after its men... how they are being equipped to study such one-time "top secret" subjects as Radar, Aircraft and Loran... how they are trained in such skills as seamanship, naval gunnery, and radio-telegraphy.

The signal hoisted on the left means, in our language, "Come Along Side". Accept our invitation this Saturday and we're sure you'll understand a little more what so many young Canadians mean when they say "The Navy's the life for me!"

There's room for young men today in Canada's Navy, both Permanent and Reserve.

Dominion's Cost Of Pensions Higher

OTTAWA, March 10.—(CP)—The federal government's share of the cost of pensions to needy persons 70 and over is expected to be \$27, 200,000 higher in 1948-49 than in the current fiscal year, it was disclosed last night in the expenditure estimates of the Welfare department.

The pensions are expected to cost \$85,000,000 compared with \$57,800, 000 in 1947-48, mainly because of increases provided for in legislation adopted by Parliament last year.

The Dominion pays 75 per cent of the cost of pensions of up to \$30 a month.

Diamond cutters, who serve at least two years as apprentices before being trusted with a good gem, practice diamond cutting with potatoes.

Peace River Resources Answer B.C. Problem

VICTORIA, March 10.—(CP)—Resources of the Peace River country would answer all of British Columbia's problems, Joseph H. Corbise (CCF-Peace River) said yesterday in the legislature during the Throne Speech debate.

Development of the north country would bring new prosperity from exploitation of foreign markets and ample revenue to pull the province out of its financial troubles.

Peace River coal alone could solve the problem of a dwindling United States dollar supply. There was enough coal in the northland to take care of the needs of Western Canada and the Western States for hundreds of years.

The British Columbia government yesterday was warned for the third time this session to guard its timber resources from monopolistic control.

A. B. Ritchie (CLN-Salmon Arm) said under B.C.'s new forest act small operators say "they are out of a limit and the forest act is cutting it off."

A. C. Hope (CLN-Delta) yesterday cautioned Leads Minister E. J. Kenney to examine carefully proposed changes in the forest act.

"We need of certain interests getting very large blocks and one wonders if at some time in the future we may wake up to find the province in the hands of about 10 people," he said.

Funeral Is Held For Bowden Man

BOWDEN, March 10.—Funeral service for Herman Sigur (Johnny) Enstad, Bowden district man who died recently, was held in Bowden United Church March 7. Rev. C. K. Vogel officiated.

He was 35 years of age and had lived in Westlock district most of his life before joining the service and later coming to Bowden.

He is survived by his parents, Mr. and Mrs. H. E. Enstad; one brother, Alan of Bowden; and two sisters, Mrs. Joy Langille and Mrs. Gordon Bowden of Vancouver.

Ottawa to Spend \$445,000 in City Construction and Repair Work To Public Buildings Planned

Edmonton will receive \$445,000 of a total provincial appropriation of \$767,000 to be spent on construction and repairs to public buildings by the Dominion government in 1948.

Main expenditure here is \$300,000 for postal terminal facilities. There will be \$100,000 spent on a new public building and \$45,000 for additions to the South Side postal station.

Extensive extensions to wharfs at Fort Smith will cost \$200,000 and \$80,000 for water front extensions at Fort Fitzgerald.

Harbor improvements at Cold Lake are to cost \$23,000 and a lake sum will be spent for wing dams at Watrous.

Yellowknife is to get a new wharf costing \$2,000 and \$100,000 will be spent on general waterfront extensions and improvements.

Practically all money appropriated for Alberta was in the form of revotes raised to meet increased cost of construction.

In southern Alberta main outlay is \$160,000 for construction of a customs and immigration building at Coquit.

CIVIC ESTIMATES READY MARCH 24

The 1948 civic estimates will be ready for submission to city council about Wednesday, March 24. City Commissioner John Hodgson expects Wednesday, April 1st for this year's estimates. He said the city will be struck by March 31 under the terms of the city's charter.

Welfare Probe Is Held Up

Edmonton's chronic shortage of hospital beds is a unique problem of legal proceedings have been combined to complicate Royal Commission welfare probe.

Chief Justice W. R. Howson, chairman of the probe ordered, is holding up the welfare conditions, requiring hospitalization for a heart condition.

PROBE ADJOURNED Late Monday he was notified of accommodation in a city hospital. He accepted immediately. As a result there was an indefinite adjournment of the probe ordered Tuesday.

Tuesday also, appointment of Mr. Justice J. Boyd McPherson was announced to hear charges of conspiracy to commit fraud against J. Kent Cooke, publisher, Harold Diamond, Ottawa writer and Dr. Charles Whitton, welfare expert, the trial opening April 5 in Edmonton.

SEX PARTICULARS Defence counsel are seeking particulars of the charges facing their clients. The Alberta government (defence counsel) has asked the government to waive two of six subpoenas against New Liberty magazine executives, pleading their coming to Edmonton to see the trial.

SCHOOL BUILDING \$2,600,000 Total More than \$2,600,000 worth of construction on Alberta schools, including 50 new school buildings costing \$2,600,000, was completed last year, according to a report of the department of education released this week by Dr. W. M. Swift, deputy minister of education.

Two school houses were destroyed by fire during the year, a loss of \$27,000, report indicated. Additions to school buildings and construction of teacherages and dormitories with necessary repairs and alterations are included in building branch report.

Bylaw Gives Protection

Public protection is the aim of the Master Painters' Bylaw.

Alderman Sidney Bowcott told members of the Edmonton Master Painters' Association Tuesday the bylaw was put through "to protect the public against shoddy, inefficient work."

Bowcott was addressing the public at a banquet in Corona hotel.

The bylaw calls for a standard examination and posting of \$1,000 bond by all painters.

City architect Mac Dewar told painters success of the bylaw would be imperative to the whole construction trade.

The examination board, composed of men who are in direct contact with the trade, will be in operation soon, Mr. Dewar promised.

Speakers Moot Election Meeting At Gyro Meeting

Election speeches in a lighter vein were the order of the day at a recent luncheon meeting of Gyro Club in U. MacDonald hotel.

Six speakers were heard in support of candidates seeking election to offices of president, first vice-president and second vice-president at next Tuesday's meeting of the club. Bernard Brown spoke for H. B. Brown, A. G. Naughton for W. Van Dusen, W. R. McKinnon for D. M. Cobblett, L. D. Higgins for P. F. Barthelemy, Thomas Brown for J. C. Jefferson and D. F. Airth for J. V. Deeds.

Two new members, A. R. Gordon and H. G. Sharp were introduced to the club.

This was disclosed in the legislature by the answers to a series of questions on the duties of the board placed on the order paper by A. J. E. Liesemer (CCF Calgary).

Hon. D. B. MacMillan, minister of agriculture, tabled the answers. A sub-committee headed by J. M. Whitley of Chancery has made a report to board on location of two schools of agriculture, but no decision has been reached by the board, answers reveal.

There was no indication in the department of agriculture where a meeting of the board would be called but Mr. MacMillan told a Lethbridge group no decision would be announced on school location during present session.

DISMISS APPEAL Also dismissed was appeal by Walter A. Mikeland in person against conviction and sentence imposed by Mr. Justice Boyd McPherson on a breaking and entering charge.

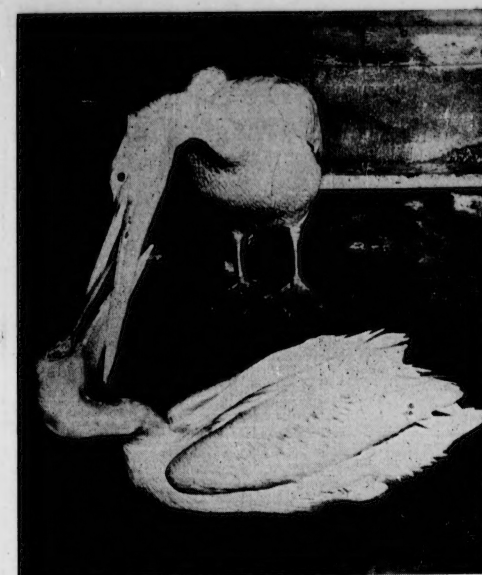

Mikeland was found guilty and sentenced to serve three years in Prince Albert penitentiary. Court reduced the sentence to two years and six months.

Judgment was reserved in appeal of Theodore Smiley, Edmonton, found guilty by Chief Justice W. R. Howson on a theft from person charge.

MAIL EDUCATIONAL CLASSROOMS FEWER Number of Alberta classrooms being presided over by correspondence centre supervisors dropped from 637 in February 1947 to 485 in February, 1948, it was revealed by answers to questions by A. J. E. Liesemer (CCF Calgary) in the legislature recently.

In 1947 15,800 students were receiving their education or part of it, by mail, but in 1948 this number had dropped to 12,600. At the same time the number of teachers employed at the correspondence centre dropped only five from 137 to 132.

Correspondence branch feels relatively small decrease in number of teachers the centre indicated more efficient service is being rendered to those students who are deprived of classroom facilities by teacher shortage.

LAST ONE in a dirty stinker, but two pelicans of Edmonton zoo seem inclined to argue the point in their winter quarters indoors swimming pool. Pelicans are two of nearly a hundred birds wintering in the heat of an iron stove instead of southern sunshine. —Photo by Blund.

HOUSES, WAREHOUSE, OFFICE City Sells Many Lots, Big Building Boost

Thirty land sales have been made by city land department since March 1 totalling \$17,128 to increase the home building potential for 1948 by \$180,000.

No West Homes Ltd., purchased three lots on the east side of 124 street just south of 100 avenue for \$1,966. The company will erect three four-unit apartments on this property.

Twenty of the sales made were to prospective home builders, the average construction cost being placed at \$6,000.

The northwest corner of 81 avenue was purchased by Sylvester Lakusta for \$450 as the site of a \$4,000 stucco coffee shop. Commonwealth Drilling Co. Ltd. paid \$2,050 for 10 lots in the Allende sub-division, between 65 and 66 avenues, and 104 street and the CNR tracks on which office and warehouse buildings will be erected.

Northwest corner of 82 avenue and 100 street was sold to a dairy cleaning company for \$300 as the site for a \$5,000 stock pick up office.

Delegates Named To Meet Council Mrs. E. H. Gowen and Mrs. H. G. Glyde were appointed delegates of University Home and School Association to attend a meeting of city council committee.

W. A. Lang announced a committee had been formed to make a survey of school equipment.

Group discussions followed business session. Miss A. Vikes of Edmonton public library dealt with subject of "Combating the Council" in primary section. She described the most desirable elements being used to attract children to reading.

Elementary section was addressed by Miss J. Twiss, Miss E. Russell and M. Clement. They spoke on various elementary grade subjects. C. Hampson, in addressing intermediate section, gave a description of objectives of science in intermediate grades.

High school section, discussed contents of courses and classroom methods and objects. Subject was introduced by L. Walker and discussion led by A. E. Rosborough.

Advisors to group are Ralph Walden, young people's secretary at YMCA and Kay Stieck, TWCA. Sped executive members for 1948 include: Betty Barran, Jim Barton, Bob Cutler, Howard Cutler, Vera Endicott and Helen Ramirez.

78-Year-Old Man Found Dead in Home Sudden death of Eric A. Hottel, 78-year-old resident of Red Deer district, was reported to RCMP Wednesday.

The man was found dead in his home by a neighbor, Fred Woyshuk.

The district coroner said the man died from natural causes and no inquest would be held.

Military Notes Royal Edmonton Regiment will parade Thursday, March 11, 8 p.m., at Prince of Wales Armoury. Dress will include berets, web belts and puttees.

PAZO FOR PILES

VERY REV. A. S. DUNCAN-JONES, Dean of Chichester, Eng., at breakfast at his hotel this morning. The dean is here as part of a tour sponsored by Canadian Institute of International Affairs. He expressed his liking for Canada but "you make your rooms too hot," he said.

Govt. House Pact Good Till July 1, 1949

Federal government holds no lease for Government House, now being used as a convalescent home for war veterans, it was disclosed in the legislature by Hon. D. B. MacMillan, acting minister of public works in answer to questions by W. J. Williams, Edmonton veterans' representative.

"An agreement entered by a province's proposal that the property be turned over to the department of pensions and national health for the duration of the war and six months thereafter. Further negotiations have extended the agreement to July 1, 1949."

Provincial government has announced intention to use the property for a provincial museum as soon as it is vacated by federal government. As such it will be used to house provincial archives and the \$50,000 Ernest Brown collection of pioneer photographs.

son, Ernest and Newton of Edmonton and Glen a professor at Queen's University, one brother and three sisters.

Teacher Suffers Fatal Seizure

One of Edmonton's best known teachers was fatally stricken while instructing a class Tuesday.

Delbert L. Shortliffe, 62, 10023 87 Ave., was conducting a night class at Alberta College when he suffered a heart attack. He died a few minutes later.

Mr. Shortliffe joined the staff of Victoria High School last year and has taught there since that time.

He is survived by his wife, three sons, Ernest and Newton of Edmonton and Glen a professor at Queen's University, one brother and three sisters.

WOMAN ALCOHOLIC SEEKS JAIL TERM

A woman alcoholic pleaded in court Wednesday morning to be sent to hospital.

Arms and hands continually twitching the woman asked if she could be sent to hospital for two or three months to be cured. She could scarcely speak, due to the nervous convulsions of her face.

She was charged with second offence intoxication although she has had a great many more intoxication convictions than that and has only just finished a four month term.

The magistrate imposed a three month term at Fort Saskatchewan jail.

DISTRICT NEWS IN BRIEF

North Cadets Have Own Paper

Lac La Biche Organization Boasts Own Training Ship

LAC LA BICHE, March 10.—First edition of The Exeter Log, published by Lac La Biche Sea Cadets, members of RCSC Exeter, stationed at Lac La Biche, has just recently been printed. It is believed to be one of the few sea cadet publications in circulation.

This corps, being situated so close to one of Alberta's largest lakes, is one of the most

CITY TREE REMOVAL project, inaugurated last summer, is still being carried out during winter months. Crew of city workmen, are seen just after they felled a huge poplar tree in Riverdale district. Considerable opposition to city's tree-removal policy has been voiced by various organizations and question will be further discussed at a special meeting of city council Thursday.

Cancer Curer Feels Strain of Overwork

By Leslie Brodie

SYDNEY, Australia, March 10.—(CP)—John Braund, 75-year-old Sydney layman who claims to have discovered a cure for cancer and has been treating persons at his home in suburban Beverly Hills, said today he is beginning to feel the strain of overwork.

He said he has given 2,400 treatments in his little bedroom since the spotlight of publicity was turned on his claims 13 weeks ago.

A New South Wales government investigating committee has been forging ahead with their inquiries into his work but Braund said he will not wait for conclusion of the investigation before setting up a private clinic. He has advertised for rooms for this purpose.

Because of the strain of overwork, he said, he has wired a friend to come to Sydney to help him out. Asked by a reporter if the friend would be a doctor, Braund replied:

"A doctor? I wouldn't have a doctor in the house. They are the curse of the world."

Braund added he is accepting an offer from a Rangoon, Burma, merchant named M. M. Khara to send six Burmese students to him for training. The students will arrive soon, Braund said, and he will train them in his methods but will not give them the formula for a fluid he injects into his patients.

Among Braund's patients are two Vancouver women and a Vancouver man who flew to Australia several weeks ago.

He said Acme Dye and Chemicals Ltd. sold the Saskatchewan Tax Commission 20,000 pounds of dye—used in coloring lac-free gasoline for farm equipment—for nearly \$200 more than its actual value.

"This is just one of the ways in which the Liberal campaign funds were maintained during the years when the machine needed a lot of grease," the premier said in the budget debate.

When his government was elected in 1944 it found the previous Liberal administration had paid \$50 a pound for the dye from 1940 to 1943, although a Winnipeg firm offered it for "considerably less."

REGINA, March 10.—(CP)—Peter S. Delis, Regina barrister and principal shareholder of Acme Dye and Chemicals Ltd., today denied Premier T. C. Douglas' charge that the firm was a dummy corporation set up by the Liberal party to bolster campaign funds during the administration of former Liberal Premier W. J. Patterson.

The company "never at any time made any contributions to any political party," Mr. Delis said, nor had he ever been secretary of any party organization.

Unknown Soldier To Be Honored

WASHINGTON, March 10.—(AP)—An unknown United States service man killed in the Second World War will receive the Congressional Medal of Honor and will be buried in Arlington National Cemetery.

President Truman yesterday signed a bill authorizing the award. An unknown soldier was so honored after the First World War.

Certified Potato Seed Going to U.S.

LETHBRIDGE, March 10.—(CP)—Certified seed potatoes are being shipped from Alberta to the United States for the first time, it was said yesterday. Fifteen carloads are to be shipped—mainly to Oregon—10 from Lethbridge and the remainder from Lacombe.

LONDON? SOUNDS MORE LIKE MIAMI

LONDON, March 10.—(UPI)—London Tuesday experienced its warmest March day since 1870, with a shade temperature reaching 73 degrees. The average temperature for March over the last 30 years is 42.9 degrees.

At this time last year parts of the country were in the grip of heavy snowfall.

was a doctor of medicine, Braund replied:

300,000 Britons Face Job Change

Industries Vital to Nation In Desperate Need of Workers

By Stuart Underhill

LONDON, March 10.—(CP)—More than 300,000 men and women may have to leave their present jobs this year, switching to industries whose output is more valuable to Britain's export drive.

A government survey of 1948 economic prospects, gloomiest official forecast ever made in the United Kingdom, said yesterday that increased labor forces are needed in coal mining, transport, agriculture, textiles, metals and engineering.

The greatest contribution is expected from the building trade, clothing industry, distributive services of food and drink manufacturers and public services.

MAY USE POWER

The government apparently hopes to effect the transfer by its present limited powers to direct labor, backed up by its control of raw materials, which can be withheld from industries not considered essential.

Some political observers predicted, however, that the government may have to seek wider authority to dictate where and when a man will work.

Government documents are called white papers but the contents of this 30,000-word report are so grim that it has been popularly nicknamed "The black paper."

COUNTRY WARNED

The country was warned there will be less to eat, probably less clothing available and that fewer houses will be built.

These austerities can be expected even with Marshall plan aid.

COMPLETE FREEDOM FOR IRELAND URGED

NEW YORK, March 10.—(AP)—Eamon de Valera, former prime minister of Eire, said yesterday "No Irishman or woman will be satisfied until all Ireland is free."

De Valera, a native of New York, spoke at New York's official reception for him on his first visit to the United States in 18 years. He was introduced by Grover Whalen, official city greeter, as "a boy from Manhattan Island who made good overseas."

De Valera said "the day will come" when an Irish leader will come to the United States and announce that Ireland "from sea to sea is now completely free."

Thousands of applauding New Yorkers cheered as de Valera left his hotel for the reception.

NO POWER, NO WORK

SAN FRANCISCO, March 10.—(AP)—More than thousands of workers were laid off yesterday in the San Francisco bay area because of a draught-born power shortage.

REGINA, March 10.—(CP)—Premier T. C. Douglas charged in the Saskatchewan legislature yesterday that the Liberal party established a "dummy corporation" in 1940 for "bribe-taking party funds" from sales of aniline dye to the government.

He said Acme Dye and Chemicals Ltd. sold the Saskatchewan Tax Commission 20,000 pounds of dye—used in coloring lac-free gasoline for farm equipment—for nearly \$200 more than its actual value.

"This is just one of the ways in which the Liberal campaign funds were maintained during the years when the machine needed a lot of grease," the premier said in the budget debate.

When his government was elected in 1944 it found the previous Liberal administration had paid \$50 a pound for the dye from 1940 to 1943, although a Winnipeg firm offered it for "considerably less."

REGINA, March 10.—(CP)—Peter S. Delis, Regina barrister and principal shareholder of Acme Dye and Chemicals Ltd., today denied Premier T. C. Minimum Wage, Bonus Requested

WINNIPEG, March 10.—(CP)—The national council of the Amalgamated Civil Servants of Canada decided yesterday at its annual meeting here to present a request to the Dominion government for establishment of a minimum salary

of \$1,500 per year plus a cost-of-living bonus for all full-time civil servants.

A. H. Helm of Kitchener, Ont., union asked for a cost-of-living bonus of \$913 a month with a boost for every five-point rise in the cost-of-living index. He said the council would ask the minimum wage and bonus adjustments be made retroactive to Oct. 1, 1947.

New Business Tax Effective July 1

VANCOUVER, March 10.—(CP)—Vancouver's new business tax will take effect July 1 on a 13-group classification basis. Altermeter decided yesterday the tax will be based on rental value with a maximum rate of 10 per cent. The tax is expected to net \$2,000,000 to the city.

SHOPPING GUIDE

Two-Burner Cookery Means Limited Menus

By Bea Thrifty

Tale of two burners on a hot plate is a tale of restricted menus and a limited budget. But with a bit of imagination and a lot of ingenuity even the kitchenette cook can produce delectable goodies.

For instance you can buy a pot roast for less than an oven-type roast—and if you cook it properly, with lots of vegetables on seasonings, you'll have a dish fit for a king.

Another word about inexpensive meat cuts—you can buy square ribs of beef, suitable for braising, stewing or stuffing at 10-12c per pound.

Never have been able to get all dew-eyed over eggs, but had one at noon that warmed my cold heart. The reason for my enthusiasm being the suggestion of maple flavoured eggs. By two tablespoons maple syrup and a few drops of maple flavoured oil had added to the milk and beaten egg.

This seems to be an extremely glove-conscious spring and just to prove the point I'll tell you about a pair of elegant cinnamon brocade pretties with pleated cuffs—well for a mere \$2.98. Had a hard time making up my mind between this and a brief pair of dainty gray slacks—just right with the new season suit. These also sold for \$2.98.

Point to remember is that evaporated milk makes wonderful smooth custards and icings.

Have trouble making buttonholes? There's a gadget for that, too, for darning and button-holing to attach to your sewing machine, available in one of the big department stores for the sum of \$1.00.

DOROTHY DIX SAYS—

Husbands Believe Woman's Place in Home

Here's a free-saver that makes your best dress prettier! Hostess aprons are trouble crochets with a smart pleated-design ruffle. It's a gift you'll be proud to give—this gay string hostess apron! Pattern 7472, directions for apron. Your improved pattern—visual with easy-to-use charts and photos, and complete directions—makes needlework easy. Send TWENTY-FIVE CENTS in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street W., Toronto, 1-A, Ont. Please allow a week or ten days for delivery.

Cuties

by E. Simms Campbell

"This happened AFTER he came to the hospital. His wife caught him flirting with the nurses!"

A CONGENIAL EVENING requires that your guests have like tastes. Ellen Drew seems to enjoy this scene because the men among her guests all go for gin rummies.

Why Grow Old?

By Josephine Lowman

This week I have been writing about home entertainment because I believe it is an important part of happy living for a woman, and that too many women pass it up because of self-consciousness or lack of money and service.

Home entertainment has a great advantage over club hospitality because the groups are usually smaller at home than when you offer hospitality at a club. Yet many hostesses try to mix the unsuitable even in such small groups. This places a burden on you and on your guests.

It is most difficult to gather together more than eight congenial people. Why then, not plan your small groups according to their natural temperaments, interests, activities and potentialities?

If you invite those who are bored without bridge, or even worse, ask four experts to spend the evening with four amateurs, you are doomed as a hostess. You can invite a group of business men and housewives and treat yourself and them to a pleasant and comfortable evening, in which talk of the stock market, inflation and depression, war and recipes and child care compete for audience. This will provide a nice evening of down to earth conversation and is always fascinating in human values when everyone has something to contribute.

Again, you can gather together a subtle mixture of art and literature, history and law, with a few screwballs thrown in, be-

Service Club Selects Civic Committee

Dick MacDonald and John Harrington were named at Tuesday's meeting of Cosmopolitan Clubs to present recommendations respecting a civic auditorium to a special committee of city council.

Other service clubs here have also been invited to present recommendations.

It was added to hold a dinner and dance for Cosmopolitan members and their wives in the Coronas March 20.

Following today luncheon members were taken on a conducted tour of Woodland Dairy plant here.

casinorewards are imaginative and fit into any group unless it is ultra conservative.

Small congenial groups play into the hostess' hands. If you have a Mr. So-and-so who is interested only in the stock market and golf he is seated by Mrs. So-and-so whose only interest is in home-keeping and The Parent Teacher Association, the evening is sure to be dreary for all concerned—hostess and guests.

Why not capitalize on these small groups by inviting a few congenial people often rather than having large groups which mix about as well as oil and water.

For the good of your guests and for the health of your nervous system, I suggest that you invite those who are congenial and speak the same language. Otherwise you might as well try to mix those who speak only French with those who speak only English, Spanish, Dutch, Italian or German.

If you wish to have my leaflet about household organization, send a stamped self-addressed envelope with your request for leaflet No. 65, "The Married Woman," to Josephine Lowman in care of The Edmonton Bulletin.

Russian oil interests in Northern Persia cover an estimated 40,000 square miles of the Azerbaijan Province.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions. Pattern 4506 comes in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, size 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40.

Send TWENTY-FIVE CENTS (50c in coins (stamps cannot be accepted) for this pattern. Print clearly your name, address, style number.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front Street W., Toronto, 1-A, Ont. Please allow a week or ten days for delivery.

YOUR BABY AND MINE

Mothers; Here's How to Keep Children Off Cold Floor

By Myrtle Meyer Eldred

It may be taken for granted that it is always a degree or so colder on the floor than in the upper regions of the room. It must also be admitted that our fear of "cold floors" is a relic of days when our chief heating system consisted of coal stoves. Immediately around them everyone stilled, near the edges of the room it might be frigid.

Unless this is still the type of heat being used, it would seem unnecessary to fear putting children on the floor if they are dressed in sufficient clothes for the room's temperature.

Mrs. P.S.D. has solved this problem to her own satisfaction and is now putting it on to those mothers whose homes are not centrally heated. She writes, "I want to tell other mothers what I have done to keep my children off the cold floors after they are too old to stay in a playpen."

"Our home is much too small for our needs and I have defeated the problem by buying a piece of fireproof board, 4 by 8 feet, which I varnished and to which I applied three coats of floor wax."

"Each day after our double bed is made up I put this board on top of the bed, finisher side up, and that gives my little 2 and 3 1/2 year old boys a nice, flat surface on which to play with their pull toys, their tin soldiers, trains, cars and what not. They can sit and roll their balls to one another and spin their musical tops."

"They can do almost everything they could do on the floor. At night the board can be put away, or set up beside the bed, whichever is easier. It is much less trouble moving a board twice a day than to care for fussy, sick children."

Now my mind leaps to all the disadvantages of this type of play, which is bound by the very nature of the set-up, to be restricted play of the Edmonton Bulletin.

—Photo by House Studio. Frederick John, one year old son of Mr. and Mrs. J. Munro of 9445 91 Avenue.

Some quiet play is necessary in the day, and in crowded quarters this might easily be a solution of where to let the boys play.

But for lengthy usage, it has the disadvantage of keeping the boys extremely cautious, so they won't tumble off the bed, and it prevents them being as active, running, jumping, etc., as they would on the floor.

I cannot, for these reasons, feel that this is a device which merits unqualified approval. Children ought to be active and if they are, their chances of taking cold will be greatly diminished.

Our leaflet No. 16 "Cause and Cure of Colds" may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of The Edmonton Bulletin.

NOW in the NEW cellophane wrap!
JUST TASTE these tender frankies!
They're ALL Swift's tender Beef and juicy Pork!

They're delicious!
They're so fresh!
...and they're wrapped in cellophane for your extra protection!

Hot Potato Salad with Frankfurts

Put thirty sliced cooked potatoes in a glassy frying pan. Add minced onion, a little green pepper, and slices of frankfurts cut in discs. Combine bacon dripping and a small amount of vinegar. Pour over the potato mixture. Cover, heat 10 minutes, stir to blend, and press—a delectable dish!

The frankfurt that's all beef and pork!
Right for any meal! Right at any time!

The main dish of your main meal in a jiffy—with new Swift's Premium Frankfurts—juicy, tender, taste-tempting! Nothing like them ever before—all juicy pork and tender beef. Fresh, nutritious, and so digestible.

Enjoy these plump, juicy taste-tempters this very day and serve them often—quick and easy to prepare—get them with all their natural goodness protected in the new cellophane wrapper.
